

EC DECLARATION

OF CONFORMITY

EC declaration of conformity for machinery to the 98/37/EEC European Machinery Directive (Annex 2A), involving all ALC-truss products.

The product-label directly refers to the instruction manual, which has to be read and completely understood before setting up any item of the ALC-truss product range.

The legal criteria for the EG-type investigation are the procedures and fundamental safety-and health requirements of attachment 1 of the EU-Machinery guideline 98/37/EG. In this case specifically taken into account the appropriate requirements:

- Chapter 4. Fundamental safety-and health requirements to restrict the specific dangers of hoisting- or levy-operations.

To fulfil of the above legal requirements following references have been used:

DIN 4113-1: "Aluminium Construction under predominantly static loading: static analysis and structural design".

NBN B03-001: "Fundamentals to the appraisal of the safety and usability of supporting systems".

NBN B03-002: "Wind charges on buildings".

**Manufacturer address:**

ALC truss  
Bedrijvenlaan 24A  
9080 Lochristi  
Belgium
